Personal Item List

Residents' personal belongings are difficult to manage unless we can account for each item. We are asking families to help us try to maintain a list of personal items, i.e. clothing, jewelry, toiletries, electronics, etc. We are asking the Responsible Parties to contact Social Services to get a personal item list and for information on how to get an accurate account of the items the resident has in their possession. We are asking that if someone wants a resident to have gifts of money that it be deposited into the resident's personal fund account through the Business Office. Please refer to Business Office hours to make deposits. Any item brought to the facility for a resident after the list has been compiled $_{\scriptsize \scriptsize \$}$ must be checked in by Social Services and all items must be labeled with the # The target date to resident's name. accomplish this task is December 1, 2012.
